

Leaving your pet in an unattended vehicle is a **socially unacceptable act of negligence.**

DOGS DIE IN HOT CARS

Take the pledge to never leave your dog unattended.

THIS IS NOT A VALID EXCUSE:

“But officer, the animal was not marked as a pet *at the time* I left him in my private unattended vehicle.”

Leaving your child in an unattended vehicle is a **socially unacceptable act of negligence.**

THIS IS NOT A VALID EXCUSE:

“But officer, my predecessors (Colin and Condi) left their secret babies in their unprotected accounts a few times while they were responsible for their safety. If you blame me, then you will have to blame them too.”

Storing information that is **Confidential, Secret, Top Secret or Special Access Program (SAP)** in an unauthorized location **IS A LEGALLY PUNISHABLE ACT OF CRIMINAL NEGLIGENCE.**

Below is just one of the many laws concerning the proper handling of government information...

18 U.S. Code § 1924(a)
Unauthorized removal and retention of classified documents or material.

Whoever, being an officer, employee, contractor, or consultant of the United States, and, by virtue of his office, employment, position, or contract, becomes possessed of documents or materials containing classified information of the United States, knowingly removes such documents or materials without authority and with the intent to retain such documents or materials **at an unauthorized location** shall be fined under this title or imprisoned for not more than one year, or both.

Whether you believe it or not, to merely possess documents containing classified information at an unauthorized location is an act of criminal negligence.

It certainly appears that the FBI has found A LOT of classified information on Hillary Clinton's unauthorized private server.

It also appears that Hillary Clinton was negligent in her duty to protect state secrets.

YOUR VOICE IN OUR GOVERNMENT

An indictment is simply a formal accusation based on evidence.

If you believe that there is enough evidence to justify a formal indictment of Hillary Clinton then click on the link below to sign a petition on the White House website.

This petition has no force of law. It will simply let President Obama know that you feel that Hillary Clinton should be formally accused of breaking the law.
